Dear Dr. Song:

I am happy to extend an invitation to you to visit the Department of Mining Engineering at the University of Kentucky on Saturday, August 4, 2018. Although I may be out of town on business on that date, I will arrange for a Professor, preferably one with a background in mineral processing similar to yours, to meet with you and to give you a tour of our facilities.

I hope your visit will lead to future collaboration between our Universities. I also wish you safe travels, and I hope you enjoy your visit to the United States.

Sincerely,
